Biography

Valvetronic is a Brassband from Amsterdam, the Netherlands, that tears the house down everywhere they play. Armed with 10 horns, drums and percussion they bring a show thats bursting with energy.

Their music is a mix of House/EDM/Hiphop, or as they like to call it ADM: Acoustic Dance Music. Inspired by Gallowstreet, Trombone Shorty, No BS! Brassband and many others the band was founded in 2018.

After having rocked many great dutch festivals like 'Amsterdam Dance Event', 'North Sea Jazz Festival', 'So What's Next' and Oerol, they recorded their debut album, which is to be released at the end of 2021.

This explosion of beats, brass and bangers is one you must have witnessed live!
